AYER'S

## CHERRY PECTORAL,

FOR THE RAPID CURE OF

**Colds, Coughs, and Hoarseness.**

BRIMFIELD, MASS., 20th Dec., 1855.
Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M.D.

A. B. MORTLEY, Esq., of UTICA, N.Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

**Croup, Whooping Cough, Influenza.**

SPRINGFIELD, MISS., Feb. 7, 1856.
BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.
HIRAM CONKLIN, M. D.

AMOS LEE, Esq., MONTEREY, IA., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks, took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

**Asthma or Phthisis, and Bronchitis.**

WEST MANCHESTER, PA., Feb. 4, 1856.
SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M.D., ALBION, MONROE CO., IOWA, writes Sept. 6, 1855: "During my practice of many years I have found nothing equal to your CHERRY PECTORAL for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

**Consumption.**

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords relief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.
DOCTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.
Yours with gratitude and regard,
ORLANDO SHELBY, of SHELBYVILLE.

Consumptives, do not despair till you have tried AYER'S CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—*Philadelphia Ledger.*

## Ayer's Cathartic Pills.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agents below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

TRIESEMAR.—None are genuine unless the engravings of the Seals of the Patent Office of England, and the Seals of the Ecole de Pharmacie de Paris, and the Imperial College of Vienna, are affixed upon each wrapper and around each case. Sold by Dr. H. A. BARROW—Member of the Imperial College of Vienna, and Royal College of Surgeons, London, who may be personally consulted at his residence No 157 Prince Street, (four blocks West of Broadway) New York, from 10 o'clock in the morning till 2, and from 5 to 8 o'clock in the evening, (Sundays excepted.)

TRIESEMAR No. 1—Is the remedy of general or local debility, loss of virile power, premature decay, and all the distressing consequences arising from early abuse, &c., all physical impediments vanish like magic before its influence, thus rendering its use invaluable to those entering the marriage state.

TRIESEMAR No 2—Entirely eradicates all traces of those disorders which copaiba and cubebs have so long been thought an antidote for to the ruin of the health of a vast portion of the population.

TRIESEMAR No 3—Is the great European remedy for that class of disorders which, unfortunately, the English physicians treat with mercury to the inevitable destruction of the patient's constitution, and which all the sarsaparilla in the world cannot remove.

TRIESEMAR Nos 1, 2 and 3—are prepared in the form of a lozenge, devoid of taste or smell, and can be carried in the waistcoat pocket. Sold in tin cases and divided in separate doses, as administered by Valpeau Lalleman, Roux, Ricord, &c. Price $3 each or four cases in one for $9, which saves $3 and in 27 cases, whereby there is a saving of $9.

Special arrangements have been made with the various Expresses, the nine-dollar cases of Triesemar and the larger cases, Barrow carriage paid, to any part of the world, on a remittance to any respectable house in the city, safely packed, and addressed according to the instructions of the writer. Each wrapper bears the genuine European patent ... effectually protecting them from ... and fraudulent imitations. The three-dollar cases cannot be sent ... but not free of carriage.

THE LUXURY AND PROFIT OF

**HONEY MAKING.**

Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling *Davis' Patent Bee Hive* for the Counties of Penobscot, Piscataquis and Sagadahoc, which has been received with so much favor, and taken the first premiums wherever exhibited, has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals.

This Bee Hive, thus improved, is admitted by persons acquainted with the honey making business to be superior to every thing yet invented for the purpose. It covers all the requisitions for the profitable maintenance of the apiary, by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarm, and generally for the health and comfort of the workers.

The boxes used in this Hive for storing honey are the best adapted in their size, for the market, holding from three to six pounds each.

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights.

For sale, fifty swarms of Bees, with the new hives.

## REPUBLICAN STATE CONVENTION.

The citizens of this State who recognize, as of paramount importance, the issue which the Platform adopted by the Philadelphia Convention on the 17th of June 1856 presents in opposition to the Pro-Slavery policy of the past and present Administration and the necessity of a National Organization on the basis of that issue as the only practicable mode of peaceable and constitutional resistance to the arrogant aggressive and intolerant spirit of that policy (of which the repeal of the Missouri Compromise, the lawless invasions of Kansas and the decision of the Supreme Court in the Dred Scott case are illustrations and proofs—are requested to meet in REPUBLICAN CONVENTION, IN NORUMBEGA HALL, BANGOR, THURSDAY *June 25*, at ten o'clock, A M, to nominate a candidate for Governor and to transact such other business as the interests of the Republican party of the State may require

### What is Modern Democracy?

Democracy which in former days was supposed to consist in a large degree of a love of liberty and a regard for the rights of others, nations as well as individuals, appears now, so far as its professed exponents manifest any affirmative principles at all, to be composed mainly of filibusterism and pro-slaveryism The arch filibuster and cold blooded murderer Walker, escaping with bare life from his invasion of the territories of a friendly country, is received in triumph and with ovations by the Federal Executive officer of New York—the leading and most active democrat of that city—and by his fellow democrats of the Rynders school. Instead of being arrested, as he should have been for his gross violations of the neutrality laws of the United States, *General* Walker is feted and toasted by these democrats, —and still further, has the sublime impudence to proceed to Washington *to see the President*, and to protest against the action of the government in its pretended demonstrations against his filibustering projects, although the government officers *did* nothing against him. And the President, instead of ordering Walker's arrest, "kindly received him," as the despatch of the 13th says, and he is treated to a complimentary dinner by his democratic friends at the capital This is the way in which this unscrupulous and bloody-handed filibuster is received

And the feeling is the same in regard to the Sonora filibuster, Crabbe, who, more unfortunate than Walker, paid the penalty of folly by the loss of his life He was none the less a filibuster however. Despite all the pretences now put forth that he was invited to Sonora by Mexicans, and was promised co-operation by some of the influential natives, the fact that he went with an armed expedition in gross violation of our own laws, to conquer a province of a friendly power, is none the less a fact. The democrats, nevertheless, defend his course openly in California, and represent him even as a victim whose tragical (and doubtless cruel) end *calls for vengeance by our government against Mexico* The democratic presses of California are actually calling upon the democratic administration at Washington to make the execution of Col Crabbe's party a cause of war with Mexico, and a reason for conquering and annexing the remainder of that Republic! If any one doubts this, let him read the following, which we copy from the *Democratic State Journal* of California—being the closing part of an article giving an account of the execution of Crabbe's party

We trust our government will be able to take notice of the matter, and demand reparation It is unquestionable that our people are tired of Mexican insolence and Mexican faithlessness, and *they desire that a quietus should be given to the government of that country*, at once and forever They have learned to believe that *Mexico belongs naturally to the United States*, and that sooner or later its fertile soil must fall into their hands They are impatient of delay, and argue that "if 'twere well done, 'twere well 'twere done quickly."—The experience of the past few years proves that the Mexicans are incapable of self government, and that it would be better for the people themselves were they ruled by Americans and by American laws"

Here is filibusterism and "manifest destiny" for you, from the organ of California democracy—a democracy which is the pure "national" article so strongly lauded by the democrats here and their Straight Whig recruits — But,—bold and bad and dishonest as the above recommendations are, they contain perhaps no worse doctrine than that which (in more cautious language) was enunciated in the Ostend Manifesto, endorsed by President Buchanan himself. The doctrine, plainly stated, is that when our interests or safety require that we should annex territory belonging to another power, we must obtain that territory—fairly if we can—but we must obtain it. The above recommendation of the California democratic organ is merely the essence of this phase of modern democracy, exhibited in rather plainer terms than were used by the Ostend filibusters

And then, as to the other and kindred feature of modern democracy—its pro slaveryism The northern organs of the party of course deny it. But the party must be judged from its acts, which have been favorable to the extension and to the interests of slavery—and from the fact that its national organisation is managed and controlled by the Southern democracy And to show what Southern democracy is—what is its essence and the ONLY VITAL, active principle now enunciated by its organs —let us take from the Richmond Enquirer an extract from its announcement of DEMOCRATIC DOCTRINES, made just previous to the recent election in Virginia. This is in fact the sum and substance of the democratic creed of the present day, as enunciated at the head quarters of the "National" Democratic party at the South Thus—

"The institution of Slavery is as essential to the existence of a legitimate republic, as are the laws of gravitation to the control of the elements of the material matter of the world

It is, therefore, inseparable from our system of self government If white men are to enjoy their natural rights, NEGROES MUST BE SLAVES As our country EXTENDS ITS TERRITORY, and the popular power is increased, so is it still more necessary that SLAVERY SHOULD BE EXPANDED, as A CONSERVATIVE COUNTERPOISE to the dangerous tendency of an improper EXERCISE OF THE ELECTIVE FRANCHISE

This is the "National" democracy under which the party has just carried Virginia almost without opposition—and it is a victory on this platform over which the northern "National" democrats and their recruits from Straightout Whiggery are shouting for joy — It is in their view a "Glorious Victory" It is a victory of modern democracy,—and we see above what modern democracy is

THE GREAT STEAMER. The New York papers are talking about a proposition which has been sent across the water for the Great Eastern to make her first trip to that city by the Sound entrance, where they say about 30 feet of water may be carried in As this involves, however, the running through Hurl Gate, it is no ways likely the owners of the ship will risk the attempt. The slightest variation of the helm or other mismanagement in that crooked and perilous passage would send the noble steamer to inevitable destruction We do not think the other proposition of stopping at Morris's wharf, outside of Hurl Gate will be satisfactory

The Portland Advertiser gives a description of the wharves built in that city for the accommodation of the Great Eastern, and states some additional facts about the steamer herself We extract as follows

The Portland Board of Trade has corresponded with the officers of the Company, and has letters from the Secretary, Mr Yates, advising that the steamer "would be ready about mid summer" It is understood that she will be launched in August, but some time must elapse after she is afloat, to finish her upper-works, for she is to have accommodations for 800 first class, 2000 second, and 1200 third class passengers

There is only one contingency in our opinion that will prevent her making her first trip to Portland, viz her charter by the Government to take troops to China Should the war continue and additional troops be required, as she could carry ten thousand soldiers and their equipments, the government might offer her such a charter as would justify her owners in postponing her trip to America

The wharves built for her in our harbor, are 200 feet in length, extending into the harbor at right angles with the shore front of the Grand Trunk Railway At the end of the wharf, completed, there is now 32 feet of water at low tide, and 42 at high water

These warves are 100 feet wide, and the distance between them 300 feet, so that her main side ports at which she discharges, and which are 400 feet apart, will be in the center of each wharf The distance from outside to outside of these wharves being 500 feet, the Great Eastern will show 180 feet beyond them, or 90 feet beyond each wharf Her length is 680 feet, or rather more than one eighth of a mile Her depth from deck to keel, being 60 feet, at high water her gunwales will be something above the ridge-pole of the freight houses on her wharves, which are twenty five feet high Her upper deck is flush and affords a promenade of over one quarter of a mile around it Her screw propeller is 24 feet in diameter, and her side-wheels sixty feet in diameter. About seven thousand tons of iron will be used in her construction—she being divided transversely from keel to upper deck into ten water tight compartments, and these again divided longitudinally fore and aft

### "Dred Scottism" a part of the National Democratic Creed.

At the recent State Convention of the "Simon pure Democracy of the President's own State, the following resolve was unanimously incorporated into the platform as one of the "articles of faith":—

*Resolved*, That the principle contained in the recent decision of the Supreme Court of the United States, in the case of Dred Scott *vs* John F A Sanford, *in regard to the political rights of the Negro race*, meets the hearty acquiescence of the judgment of the Democratic citizens of Pennsylvania, and is as much commended to the whole people of the United States by the force of truth and patriotism as it is equally binding on all by the highest sanctions of law

The principle here alluded to, "*in regard to the political rights of the Negro race*," is simply that "*the Negro race has no rights which white men are bound to respect.*"

☞ THE REPUBLICAN CAUCUSES. Our friends should remember the Republican Ward Caucuses this evening, and the General Caucus on Monday evening, to select delegates to the State Convention.

Pearl fishing is now carried on with some success as to numbers, in some of the brooks in Oswego County, N. Y. No large or very valuable pearls have been found however.

## LOCAL AND MAINE NEWS.

The City Council at its adjourned meeting on Tuesday evening, adhered to the former votes respectively in the two boards on the subject of appropriating $500 for celebrating the 4th of July. The appropriation will not therefore be made, and if anything is done, it must be by private subscription.

☞ We learn that Eagle Company No 3, held a meeting last evening, and raised a committee to ascertain what subscriptions can be obtained among the citizens; and that if enough to warrant the movement is secured, invitations will be sent to companies abroad to take part in a Firemen's Celebration in the city, to be arranged and graduated according to the funds raised The committee, we understand, will call upon the citizen's to-day, when it is hoped that those interested in having a celebration will subscribe liberally.

SHIPBUILDING IN MAINE —Notwithstanding the depressed condition of our shipbuilding interest, we learn, on the authority of a gentleman engaged in the business at Richmond, that there are forty ships and barks besides the smaller vessels, either launched or to be launched in the State, during the present season Of these, twenty are on the Kennebec river Two have been launched at Richmond and two or three others are now building, four have been launched at Bath and four or five are on the stocks. There are several building above Richmond—one of them at Pittston, and one at Gardiner.

We believe that seven or eight (ships and barks) have been launched or are to be launched in the Waldoboro district, this year

On the Penobscot river, there are two at Belfast, we understand, two at Castine (one launched and one on the stocks) and we think one in Searsport—besides a number of brigs and smaller vessels at different points on the river

INCREASED CULTIVATION DOWN EAST —The Machias Republican says —"There will be at least a quarter more farming in this county this year than ordinary" We are glad to hear that the people are endeavoring to lessen the pressure of hard times by cultivating, each man, whatever land he can command The reports from the grain and grass crops at the eastward are good

STOCKING FISH PONDS —We learn from the Machias Republican that Mr Treat, of Lubec, is now engaged in stocking Beaver Lake a few miles below Calais, with various kinds of fish He is now in St. John procuring salmon, shad and alewives for this purpose Mr Treat understands the fish business, and we doubt not will succeed.

The Universalist State Convention for Maine assembles at Rockland, on Tuesday, Wednesday and Thursday, the 23d, 24th, and 25th of June

AN INTERESTING CASE —The Kennebec Journal says that among the cases to be argued at the present law term of the Supreme Court in Augusta is that of Burton *vs* the County Mr. Burton sues the County for his salary for the year that the office of Register of Probate was held by Francis Davis as appointee of Gov. Wells. His claim rests on the ground that his removal by the Governor was contrary to the Constitution of the State, which, by an amendment adopted in 1855, had been changed so as to deprive the Governor of the *removing* power It is not altogether certain that the issue as joined will legitimately involve that question, though we trust it does, as nothing would give more satisfaction to the public than to have that matter decided by the Court.

Stephen Young, Esq, has been appointed Post Master of Pittston, vice Hiram T. Clark, whose term of office has expired Mr Young held the office under the administration of Jackson and Van Buren.

We learn from the Gardiner Transcript, that Wm B Grant, of that city, has been appointed Inspector of Customs for the ports of Gardiner, Farmingdale and Pittston, in place of Stephen Webber, resigned

FREE BRIDGE AT WATERVILLE —The Waterville Mail states that a movement for a free bridge across the Kennebec to take the place of the old toll bridge recently swept away, bids fair to be crowned with success. Several spirited meetings have been held, and the soliciting committee who are busily at work, have procured unconditional subscriptions to the amount of $2 000, provisionally do. in favor of the lower crossing, $1.100, do in favor of upper crossing near the Colleges, $325

ONE OF THE PIGS. Mr N Swan of Hermon recently killed a pig at 8 months and 22 days old, which weighed 377 lbs.

A NATURAL CURIOSITY A curious freak of nature was performed recently in the town of Surry, in this State, in the production of a monstrosity in the shape of a calf, which is more remarkable than anything which we have before seen. The animal has one head, seven legs, and two tails—with one perfect body and half of another Six of the legs are perfect in shape and size the seventh protrudes about a foot from the side of the half body. There are two perfect sets of hind legs and one set of fore legs. Apparently there were two calves formed—one of which grew into or from the body of the other, nearly at right angles—one of the animals being nearly perfect in head, body, legs and tail

The cow belonged to Mr. A. Cunningham of Surry, and was killed in giving birth to this monstrous production; as was also the calf itself It has been excellently preserved, however, in its original shape, and having been purchased for a large price by Mr Joseph Libbey of Brewer, is now on exhibition in this vicinity, and will be carried through various parts of the State.

An exchange says: Place a bone in the earth near the root of a grape, and the vine will send out a leading root directly to the bone. In its passage it will throw out no fibres—but when it reaches the bone, the root will entirely cover it with the most delicate fibres, like lace, each one seeking a pore of the bone. On this bone, the vine will continue to feed as long as any nutriment remains to be exhausted.

## Various Items.

The Utica Observer is informed that frogs have become quite an article of exportation in that vicinity, and that about two hundred are sent weekly by one man, to the proprietor of an Albany restaurant.

There are upwards of 8,000 applicants for the places in the New York Custom House

At Rochester, N Y, seventy two trains of cars arrive at and depart on the New York Central Railroad daily. A still larger number of trains arrive at and depart from Syracruse.

There is said to be a village out west so healthy that people can't die there, but are obliged to go to the next town if they are tired of living, and there were two men there who lived to be so old that they didn't know who they were, and nobody could tell them *Boston Gazette.*

A correspondent relates that one morning this Spring, a bobolink came and sang in a field near his house His little four year old daughter was much delighted, and asked "What makes he sing so sweet mother? *Do he eat flowers?*"

The nakedness of the indigent world might be clothed from the trimmings of the vain

Tom—Hello Fred, what you writing, poetry? Fred—Yes, I'm writing an owed (ode) to my tailor Tom—What's the time and tune? Fred—Time sixty days. It's set to notes of mine in his possession

Dan Marble says he once partook of a rooster so old that he was bald-headed To get the feathers out, the 'house gall' had to use the claw hammer, while the old creature was so tenacious of life that after being baked for two hours he still continued to crow. With a few leather pickles, caoutchouc potatoes, and aquafortis sauce, such poultry must make very nice eating

Citizens should not only mind that they vote early, but *what* they vote As an illustration of the importance of observing this maxim, the following is told as having recently happened at Pittsburg A voter ran up as the polls were near closing, and in his hurry, numbered and dropped his ticket, which defined his political proclivities as those congenial to a third party only—a regular outsider Here it is

"Dear Miss ——I cannot meet you at this evening My wife suspects——keep shady

Yours, affectionately, *****

REMARKABLE TORNADO —A cloud of extraordinary capacity, enveloping a whirlwind,—a tunnel like column beginning at a point near the earth and gradually expanding in size until lost in the sky,—was seen to pass over Utica, N Y, on Saturday afternoon, and was heard to rush, roar, or buzz, as various spectators described it. A few minutes after 4 o clock the terrific mass touched the earth and scattered a few fences near the residence of Milo Root in Deerfield Next it struck a barn at Schuyler Corners, burst it asunder as by an internal explosion, and threw a young man out, who was found on the ground in convulsions Near by, a woman and girl fleeing from the hurricane were thrown over a fence, and an old man saved himself by falling on his face, while an apple tree within a few feet of him was torn up by the roots Half a mile further on, Mr Warren had time to get into his cellar with five of his children, and his wife and another child were following him, when the house was whirled over, and Mrs Warren was killed, probably by electric shock, as no bruises were found on her person The boy with her was attacked by convulsions, from which he recovered, and those in the cellar were but slightly injured The barn was crushed down to the ground, and poultry and pigs were killed. Two other barns in the track of the hurricane were torn to fragments Next we hear of it in Mariaville, Schenectady county, where big hickory trees were twisted off stone walls removed, and a barn or two demolished The course of the calamity was from west to east in one vicinity and southeast in another, and the damage it did was within a strip of a quarter of a mile wide. Saturday having been the day appointed for the comet, the newspapers of the localities mentioned would like to identify this ugly cloud with the affair, but evidently it was nothing more remarkable than the tornadoes we often hear of —*Boston Post*

A CHAPTER OF MURDERS A St Petersburg letter in the Czas, of Cracow, gives the following extraordinary story

"A tragical drama has just taken place here The agent of Count Sch——, who had been to the bank to receive a sum of 15,000 silver roubles, lost the packet of notes on his way home The money was picked up by a clerk, who, instead of giving the property at once to the owner, followed him to his house and inquired the name of the person who lived there The finder of the money then returned home, hesitating in his own mind how he should act When he arrived there, a violent quarrel took place between him and his wife, the latter wishing to keep the money. The clerk, however, on the following morning, went to the house of the Count to deliver the sum, but the latter would not receive it, saying that his agent had committed suicide in the night in consequence of the loss. Overcome with remorse, the clerk returned home where he found that during his absence his wife had hanged herself from vexation at his not having kept the money He immediately cut down the body and hanged himself with the same rope."

A SON OF HENRY CLAY GUILTY OF HOMICIDE In a quarrel between John Clay, a son of the departed statesman, and a horse trainer named Edgar, in Lexington, Ky, the former shot the latter twice with a pistol. One ball entered his mouth and passed out, behind his ear, another ball lodged in his back Edgar is reported mortally wounded Clay immediately left Lexington and has not been heard from since The parties have not been on amicable terms for some time —*Cincinnati Commercial*

A SWEET ITEM —We learn that at the present time 17,000 hogsheads of molasses are stored on Boston wharf, and five vessels laden with molasses are waiting at the same wharf to be discharged. Some of the principal consumers of the sweet article in this city, contemplate discontinuing its use until the price is reduced to a somewhat reasonable rate —*Boston Traveller.*

On Sunday last, the Keyport steamer brought to New York eight hundred and thirty two barrels of strawberries, (about fifteen thousand baskets,) they were sold for more than six thousand dollars. The season has only just commenced.

Two physicians of Whyteville, Va., administered a mixture of cholorform and ether to a boy of five years old, on whom they wished to perform a surgical operation, and he died from its effects almost instantly. A successful operation.

It is stated that the Alabama Conference of the Methodist Episcopal Church, South, has unanimously voted in favor of expunging the general rule forbidding "buying and selling of men, women and children, with an intention to enslave them."

### Radical Regenerator,

FOR SEMINAL WEAKNESS

*In all its forms as Nocturnal and Diurnal Emissions Nervous Irritability Premature Decay Loss of Virility Impotency and all diseases arising from early indiscretion*

This excellent Remedy discovered by the world renowned DR CULVERWELL in London the most successful practitioner in his line for the last 50 years is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues Its salutary effect is almost instantly felt and it will doubtless at once supersede all other means resorted to medical surgical or otherwise to arrest and to cure this awful disease A single trial will convince the most sceptical that a safe and perfect cure may now be had at the expense of a few dollars which up to this date could not be procured for all the gold of the world The heavy expenses incurred in bringing this article before the public could not be risked were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by one person would through recommendation result in an eventual sale to many

DR. CULVERWELL'S admirable and entirely novel plan of treating these diseases is in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice

Full and plain directions for all the different varieties of the complaint accompany Dr Culverwell's REGENERATOR-REMEDY so as to enable every one to treat himself or herself successfully Price $2 on the receipt of which it will be forwarded by mail free of postage, to any part of the country Address Messrs BRIDGMAN & CO, Druggists and Apothecaries, 158 Grand St. New York, Sole Agents for the United States and Canada.
